### More shipping companies decide to use Fleettracker

The shipping companies Rohden Shipmanagement, Fehn Ship Management, K&K Schifffahrt and Carl F. Peters decided to adopt Fleettracker by the Hamburg located Herberg Systems GmbH. Besides well supported fleet management the companies also comply with all standards of CO<sub>2</sub>-Reporting within Europe, which came in force this January. Additionally, the tool supports all requirements of the

worldwide CO2 reporting according to MARPOL Annex VI, Regulation 22A (IMO DCS), which is coming into force on March, 1st 2018.

“We at Herberg Systems are happy to welcome our new partners and are looking forward to working together”, says Günter Musolff sales manager at Herberg Systems GmbH.
